

bproauto® 75W-90 gear oil

Keeps gears in the game.

bproauto® 75W-90 gear oil is designed for long-drain service and extended protection in light vehicles and truck axles with hypoid gear sets. It offers **outstanding oxidation resistance, thermal stability** and **extreme-pressure performance to minimize wear, prevent sludge buildup** and **extend gear life**. bproauto 75W-90 gear oil has **excellent low-temperature properties** for smooth operation in all climates.

Compatible with
synthetic and
conventional
gear oils!

Excellent oxidation resistance prevents sludge and varnish

- **Extended drain intervals** — for longer service life, reduced maintenance costs
- **Extreme-pressure protection** — reduces wear and scuffing
- **Superior thermal durability** — for lasting performance
- **High shear stability** — maintains viscosity for consistent protection
- **Water-separating properties** — prevents emulsions for optimal lubrication
- **Rust and corrosion protection** — keeps gears clean and reliable
- **Good foam resistance** — prevents air bubbles that reduce lubrication effectiveness

Meets or exceeds the following performance requirements

- API Service GL-5, MT-1
- Mack GO-J
- MIL-PRF-2105E
- SAE J2360

Recommended for the following specifications:

- Meritor 076-R for extended-drain lubricants

Partner with bproauto parts to provide your customers with maximum gear protection and a better driving experience.
